| Minutes | Who | When |
|---|--|---|
| <p>1. Context</p> <p>The meeting discussed the method and the tools to realize the chart of beams, subject of the task3 "CRIBE" of the JRA EURISOL, within ENSAR2.</p> <p>2. Decisions and actions</p> <ol style="list-style-type: none"> Organize as soon as possible a meeting to which the representatives of some laboratories from the list of CRIBE facilities (CCB-IFJ, GANIL, IPN, ISOLDE, Jyvaskyla, SPES) will be invited. This meeting will mainly discuss the nature of the nuclear data of the Chart as well as their format. Define the names of people from each facility to be contacted , Contact representatives of the facilities to define the place and the date of the meeting, Define the agenda of the meeting, Look for a student from Poland to start to work on the nuclear data. The student could spend some months at GANIL. | <p>MF</p> <p>ML</p> <p>MF</p> <p>All</p> <p>PB</p> | <p>ASAP</p> <p>ASAP</p> <p>ASAP</p> <p>---</p> <p>---</p> |
